

THE MATHEMATICS EDUCATION COLLABORATIVE (MEC) TRANSFORMING MATHEMATICS CLASSROOMS THROUGH NUMBER TALKS: A LEADERSHIP ACADEMY IN COLORADO

For grades 3-14 teachers

Summer 2017 – Spring 2020

Designed for schools/districts who are...

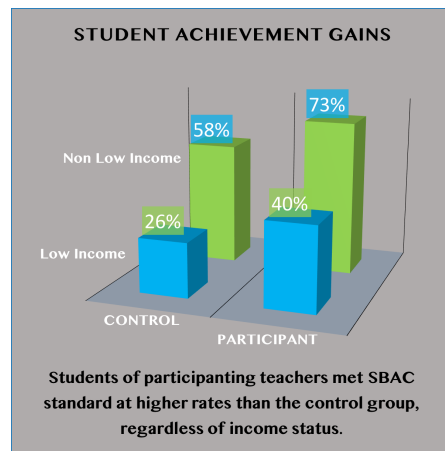

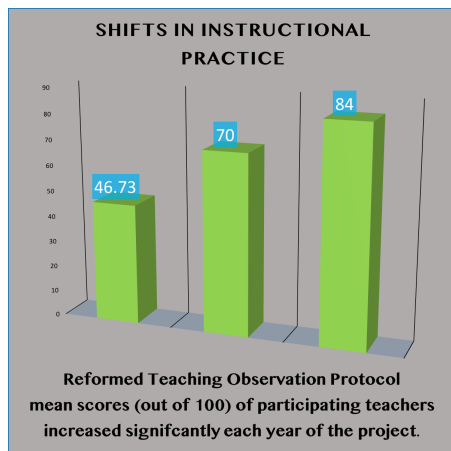

- preparing to implement Number Talks for the first time OR currently using Number Talks and ready to take them to a deeper and more sustainable level
- interested in building the capacity of teachers as leaders
- committed to high quality mathematics education for all students

Each year participants will...

- attend one 2-day Number Talk Institute (summer), facilitated by MEC
- attend one 2-day Leadership Session (summer), co-facilitated by MEC
- attend four virtual webinars (school year evenings), co-facilitated by MEC

MEC Professional Development has Real Impact

Results from the MEC MSP, an OSPI federally funded Math and Science Partnership Grant: <http://www.mec-math.org/mec-msp/>

Letters of Commitment are needed no later than **February 28, 2017**.

Please contact us today to take advantage of this exciting opportunity!

Email: sandie.gilliam@comcast.net

Find more detailed project information at

<http://www.mec-math.org/number-talks-project-colorado/>

You are invited to support a team of two or more teachers/coaches who will...

... learn how Number Talks can transform mathematics classrooms

... experience and learn how to lead a series of 2-hour Number Talk PD Sessions

... join a statewide team of active and engaged mathematics teacher leaders

COST TO SCHOOLS/DISTRICTS

The estimated per person cost to schools/districts will be \$1700 per year.

Travel and stipend costs, if needed, are the responsibility of schools/districts.
